

Mockup Review Notes

Designer:Tolu Atoyebi

Creative Director: Maddy Mueller

Script Typeface is a good addition.

Make navigation more consistent across pages.

Include Famous Pizza Restaurants.

Origin/History of Each Type of Neapolitan pizza.

Include ingredients page

Try one Pizza instead of two on homepage so navigation can go on the top.

Create a history page instead of having the history on the home page.

Make images smaller and text wider when adding more text.

Make sure the typeface is websafe.
